What Residents are Saying

KM.

"I've lived at The Lark for four years and only recently moved to relocate out of state. I've lived at several different apartment complexes prior, and the management and maintenance at The Lark is truly unmatched! Ruby (Manager) is so thoughtful, caring, reliable and puts so much heart and soul in the work that she does! Misael (Maintenance) and Lourdes (Porter) are friendly, dependable and prompt in their actions, I have no complaints whatsoever with this place. I remember I would put in a maintenance request, and the same day, within only a few hours or less, it would be addressed and fixed! The entire complex is very clean! The amenities are great! The clubhouse is beautiful, it was newly renovated within the past year. They have monthly events with free food, drinks and fun! The location is great, it is approx 5-8 mins away from Downtown San Mateo, and the major freeways are within minutes. There is a Nijiya Market across the street that I loved to shop at. But my most favorite thing is the free water stations (Flowater); this water is top-notch, you have to try it lol. There is a coffee machine, free for all. You get your money's worth here, all in all, 10/10 would highly recommend!"
