What Residents are Saying

KS

"The Lark is more than an apartment complex, it's an incredibly special Community which I'm so grateful to be a part of and lucky enough to call home.

I moved here February 2015, when the building first opened, it was the best decision I ever made.

Ruby and her entire team provide the highest quality customer service ALWAYS!! They have made our experience living here so much more than just renting an apartment. The social events Ruby and her amazing team host for us are instrumental in creating the bond we all feel living here and the cozy feeling of home not only in our apartments but the entire building."

Live Well

Our Blooming Community Garden

There's something truly special about watching our community come together to nurture the gardens here at The Lark. From fresh spinach and mint to vibrant flowers and herbs, it's more than just what we're growing—it's how we're growing together.

In a fast-paced world, these gardens remind us to slow down, get our hands in the soil, and reconnect with nature, with food, and with each other.

Thank you to all our residents who've helped make this space bloom. It's a beautiful reminder that we cultivate community, one seed at a time.
